

👋 Welcome to the BPMP Demo App!

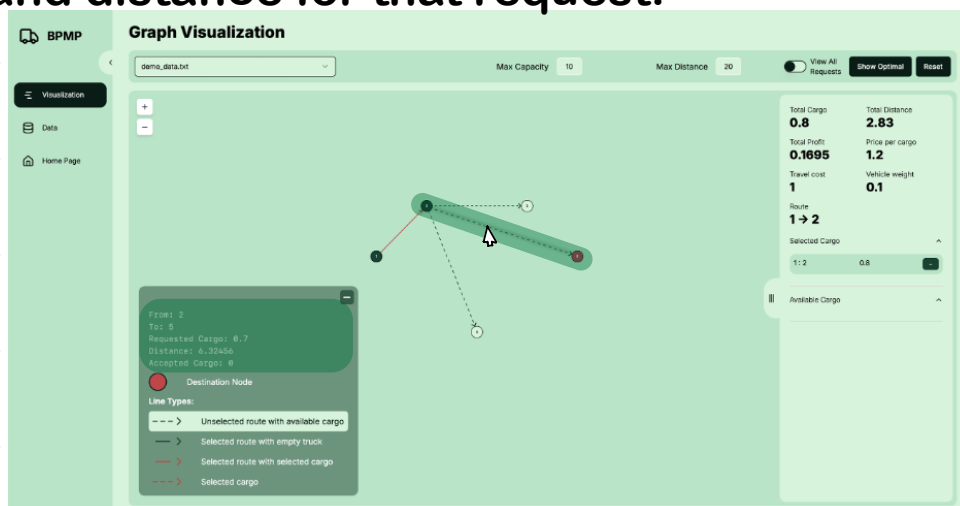

We'll walk you through the basic steps so you can get started quickly.

🚚 Build Your Route

You'll start by selecting a route between different cities.

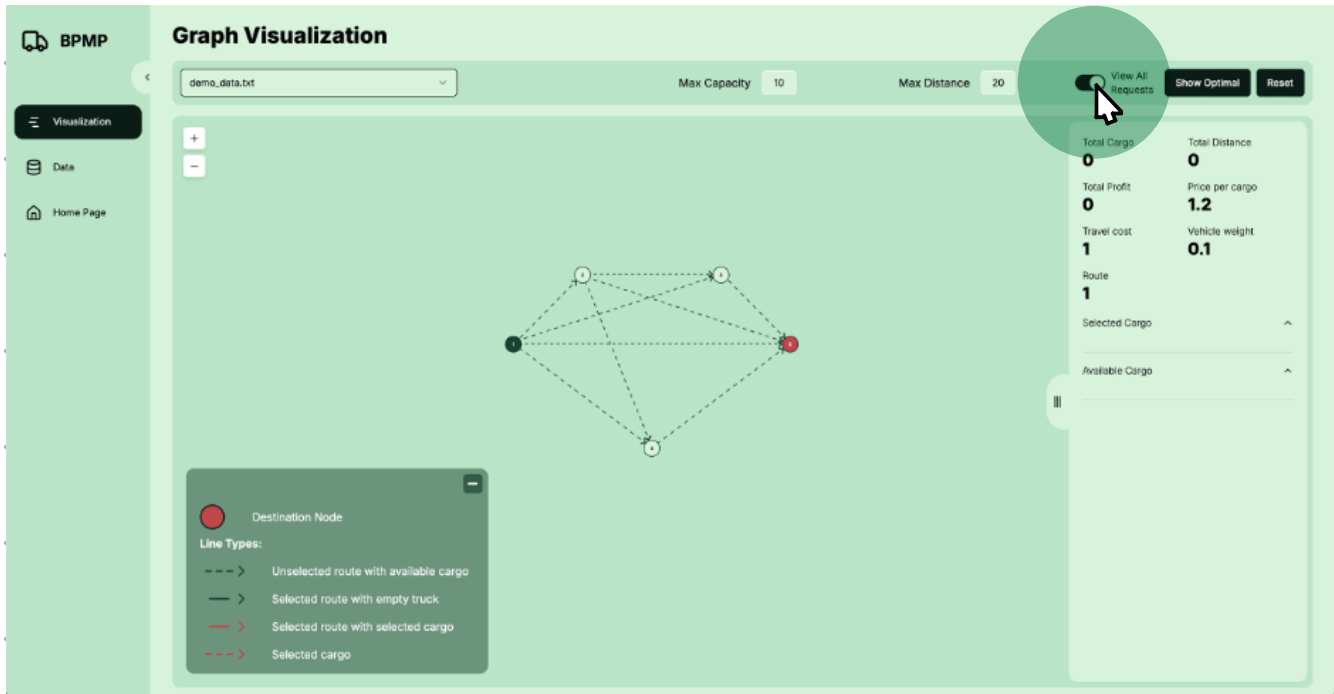

🖱️ **Tip: Hover your mouse over a line to see the exact weight and distance for that request!**

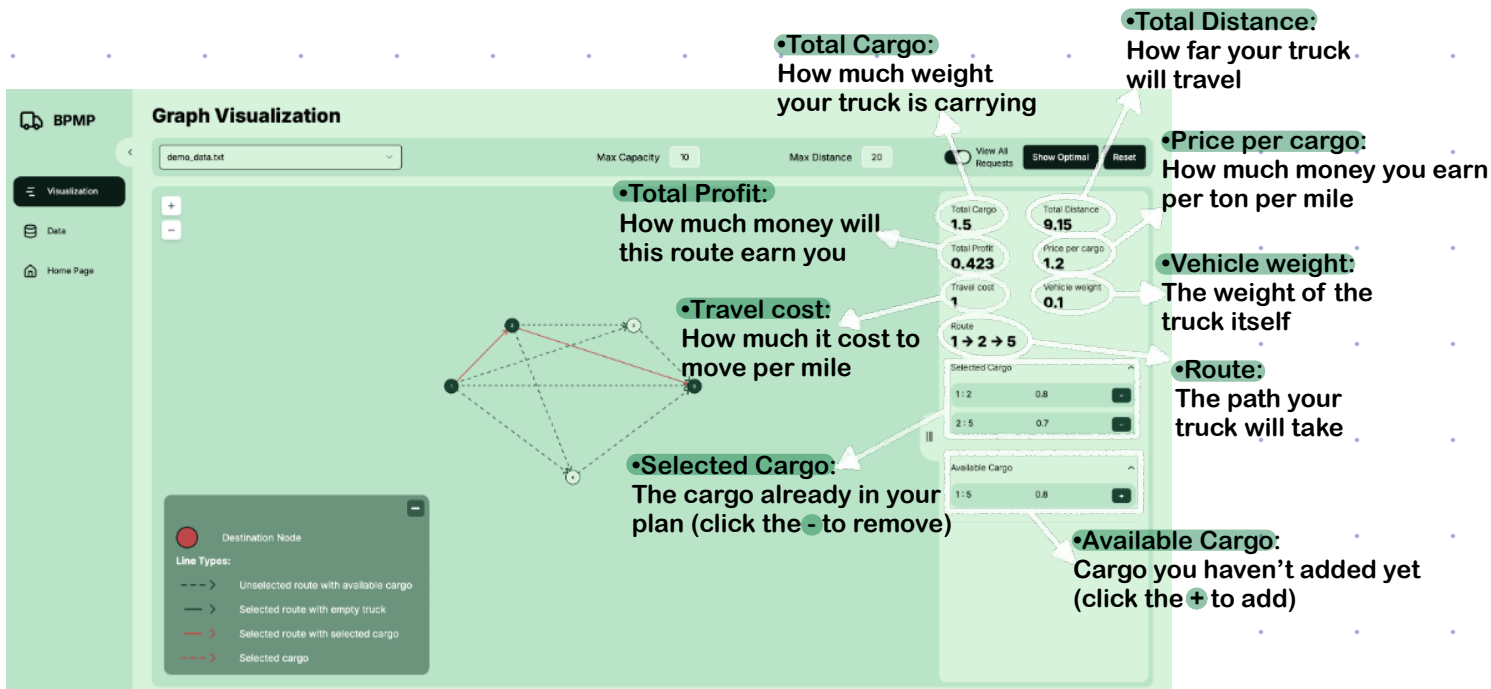

View All Requests

Click “View All Requests” to see a full list of cargo options.

Check the Info on the Right

•Show Optimal:

Automatically shows the best route and cargo

•Reset:

Clears everything and starts fresh
